Volunteers needed to assist with flood clean up

The Bexar County Volunteer Operations Center (VOC) needs volunteers to assist Bexar County and San Antonio residents with cleaning after last weekend's flood event. Volunteers can report to the VOC to register and receive their assignments between 8 a.m. and 5 p.m. Saturday and Sunday. The VOC has been set up at 10400 Espada Road.

Volunteers need to be over the age of 18; volunteers 14 years and older will be allowed if accompanied by an adult. Individuals, families and groups are all welcome. Volunteers will help residents clean debris and mud from their properties, so they should wear clothing they do not mind getting dirty, gloves and a hat.
