SUBJECT: Ex-Wife Shoots, Kills Ex-Husband

The Sheriff's Office received a 911 call for possible shots fired in the 7300 blk of Highland Lake in East Bexar County on March 8, 2009 at approximately 11:06 pm. We then received a call from the residence next door at approximately 11:09 pm who said a 35 year-old male had been shot.

The Sheriff's Office responded to the scene and found a male lying on the floor next to the front door. The witness reported she was upstairs with the victim when someone rang the doorbell. The victim looked outside through the window and stated, "It's my ex-wife." The victim went downstairs to answer the door when the witness heard a very loud sound coming from downstairs. The witness ran downstairs and found the victim bleeding lying on the floor. The witness then called 911; paramedics arrived and transported the victim to Brooke Army Medical Center where he later died. The victim had sustained at least one shot to his torso.

Detectives learned the victim was heading for Dallas. The suspect information was immediately sent to agencies along IH 35 and Dallas PD. At about 4:25AM, the suspect was arrested by Dallas PD after calling to turn herself in and was transported to Baylor Hospital after ingesting a large amount of pills. The suspect had her and the victim's three children (ages 13, 6, and 2) in her custody who were taken into custody by Child Protective Services. The suspect stated to Dallas PD officers that she had killed her boss in San Antonio and had taken some pills. A Murder warrant has been issued for the suspect. The motive for the shooting has not been established.

SUSPECT: Tracy Devon Brown BF 33 Years of Age
Charged with Murder (in custody Dallas County)

VICTIM: Victor Brown BM 34 years of Age
