

# HOW MUCH COULD I SAVE BY CARPOOLING TO WORK?

This table will tell you how much money carpooling could help you save on your commute every month.

- Step 1 Find the correct number of miles you drive (one-way) to work in the first row.
- Step 2 Find the amount you pay every month to park in your lot or garage.
- Step 3 Where the Miles Driven column meets the Monthly Parking Fee row is how much you could save each month!
