Bexar County Warns Against Phone Scam

Residents have called in reporting fraudulent callers asking for money.

Bexar County warns residents about a phone scam making the rounds this holiday season. Individuals pretending to be from County offices have been calling residents asking for payment or monies owed to the County for various reasons. The scammers then ask residents to purchase pre-paid gift cards and provide them with the number and pin number on the back of the gift card to them.

Although these calls are meant to intimidate and frighten, residents should know that the County does not call to collect fines or penalties or for payments for outstanding warrants.
