Bexar County to Distribute Additional 250,000 Masks to Local Businesses

Registration is now live at the County's webpage.

As COVID-19 conditions continue to improve, Bexar County wants to ensure that the current trend continues to go downwards and is once again providing local businesses with face masks to ensure they are complying with State and local orders, and to protect their employees as they provide services to our community.

All commercial entities in Bexar County providing goods or services directly to the public are eligible to participate. Each business will receive 100 masks and will be distributed on a first come, first served basis.

These masks will only be made available to businesses who have pre-registered before the event at the link below and will receive a confirmation email once successfully registered.

Masks are available to all small businesses within the County, including the City of San Antonio and Suburban Cities. Businesses can complete the online registration form at www.bexar.org.

Masks will be distributed on Thursday, Oct. 8 from 10 a.m. to 1 p.m. at the Freeman Coliseum Exhibitor Barns, at the Gate E entrance off of AT&T Parkway. Business owners will need to bring their confirmation email.

The County's Executive Orders can be found at: <https://www.bexar.org/3234/COVID-19>.
