**Bexar County Precinct 2 Commissioner Justin Rodriguez Partnering with
University Health System for a Westside Drive-Thru Flu Shot Drive**

Flu shots are available at no cost for those without insurance.

Bexar County Precinct 2 Commissioner Justin Rodriguez is partnering with University Health System to host a drive-thru flu shot drive on Saturday, Oct. 10, from 9 a.m. to 2 p.m. at Nelson Wolff Stadium.

Medical professionals from UHS will set up in the Nelson Wolff Stadium parking lot to administer flu shots, with participants receiving their shot in their own vehicle. Most major insurances are accepted, and vaccines will be available for those without insurance.

“Health experts are urging everyone to get a flu vaccination to reduce the potential of overlapping epidemics, which could be devastating for our community,” stated Commissioner Justin Rodriguez. “We are providing low-cost and no-cost options and targeting the most at-risk and underserved to ensure everyone has the opportunity to reduce transmission rates and the severity of respiratory illnesses.”

This event is open to the public, although an appointment is required. Those wishing to participate, can register at: www.UniversityHealthSystem.com/flu.

To protect the health and safety of everyone involved, protocols will be in place to ensure mask use and proper social distancing practices are followed for media, participants and volunteers at the event.

This event is possible through additional support from the City of San Antonio, the San Antonio Police Department, Bexar County Public Works and the Bexar County Office of Emergency Management.

For additional questions on registering for the drive, the public can call 210-358-7020.
