**Bexar County Auditor's Office Celebrates  
Continued Excellence in Financial Reporting**

The Bexar County Auditor's Office is once again the proud recipient of the Certificate of Achievement for Excellence in Financial Reporting. This marks another year in which the esteemed Government Finance Officers Association of the United States and Canada has recognized the office's commitment to transparency and accuracy in financial reporting.

The Bexar County Auditor, appointed by state district judges for a two-year term, serves as the county's chief financial officer. This role, defined by Texas state statutes, includes establishing internal controls, approving claims, countersigning checks, prescribing accounting systems, maintaining accounting records, examining county and district office accounts, and reporting to the Commissioners Court. The auditor also ensures strict enforcement of laws governing county finances.

This repeated achievement highlights the office's dedication to maintaining the highest standards in governmental accounting. The Auditor's Office, led by Leo Caldera, has consistently demonstrated a "spirit of full disclosure" in its comprehensive annual financial reports, ensuring that Bexar County's financial status is presented clearly and comprehensively.

"It is an honor being awarded a recognition of excellence for several consecutive years by a renowned professional organization. I'm blessed with a diligent team that works tirelessly every year to ensure informative, transparent, and user-friendly financials are made available to the public.", said Bexar County Auditor Leo Caldera.

The certificate of achievement is the pinnacle of recognition in governmental accounting and financial reporting. Attaining it repeatedly is a testament to the diligent efforts and professional expertise of the Auditor's Office staff. Their work ensures that Bexar County remains a fiscally responsible and transparent benchmark.
