

BEXAR COUNTY JUVENILE PROBATION PREA 2015 Annual Report

Background

The Prison Rape Elimination Act (PREA) was passed by Congress and signed into law by President George W. Bush in 2003 to prevent, detect and respond to sexual abuse and sexual harassment that occurs in confinement settings. The National Prison Rape Elimination Commission developed national standards which apply to adult prisons and jails, juvenile facilities, lockups and community confinement facilities.

PREA Statistics

Bexar County Juvenile Probation (BCJP) collects data in accordance with §115.87 in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training. The information collected regarding PREA will be used to identify problem areas and to take corrective action on an ongoing basis.

During 2015, (through 11-30-2015) there were 2,381 new admissions into facilities operated by BCJP. Of the new admissions, 69% were male, and 31% were female. The average daily population was 199 (68% males and 32% females).

Refer to our PREA 2014 Statistical Report, below, for additional information.
