DEBT SERVICE FUND

COMPANY: 400

Program Description: The Debt Service Fund accounts for the accumulation of ad valorem taxes collected for the purpose of paying principal and interest on long term and short term debt. The County issues General Obligation Bonds, Certificates of Obligation, Flood Control Certificates of Obligation, Commercial Paper, and Limited Tax Road Bonds. The proceeds from the issuance of these bonds will pay for capital improvement projects such as road construction, flood control projects, county buildings, improvements to detention facilities, and countywide technology. The County sells bonds once Commissioners Court approves the issuance of bonds or after the successful completion of a General Obligation Bond Election. The bonds are purchased by investors and the funds generated from the sale are allocated to construction bond funds to support specific projects.

It should be noted that this fund does not include revenue bonds issued by the County to fund the design and construction of the Visitor Tax Projects (described later in this document). The bonds issued for those projects are Venue Project Revenue Bonds and are supported solely by Hotel/Motel Occupancy and Motor Vehicle Rental tax revenues as well as tax revenues. No other County revenues are pledged to support those revenue bonds.

The budgeted appropriation amounts reflect the actual principal and interest payments on all outstanding debt. The following table lists each outstanding debt issuance, issuance date, type and amount of debt. The debt issuances described here are backed by the ad valorem taxing authority of the County. Other funding sources, such as parking revenue, support the Debt Service Fund.

Program Justification and Analysis:

- The FY 2012-13 Adopted Budget for all debt service payments totals \$79,221,876. These payments include the debt service for debt issued by the San Antonio River Authority (SARA), which is a contractual requirement between Bexar County and SARA. Prior to FY 2004-05, funding for these debt service payments was forwarded to SARA and the debt service payments were made directly by SARA. The FY 2012-13 SARA debt service requirement is approximately \$4,360,950.
- Funding in the amount of \$1,467,600 is provided for Bond Issuance Fees. These fees represent the cost of issuing bonds and are paid to financial advisors, bond counsel and rating agencies that assist the County with the debt issuance process.
- The County's credit rating of AAA by Fitch, Aaa by Moody's, and AA+ by Standard & Poors was reaffirmed in FY 2011-12. The County should continue to be able to borrow at favorable interest rates in FY 2012-13, as the municipal bond market continues to experience historically low interest rates.

- Debt service payments scheduled in FY 2012-13 include:
 - A payment of \$4,360,950 for the FY 2012-13 SARA debt service requirements.
 - Funding in the amount of \$1,467,600 for bond issuance costs.
 - Payments totaling \$13,533,206 to pay for General Obligation Bonds and Limited Tax Bonds.
 - Payments totaling \$3,303,489 for Unlimited Taxable Road Bonds.
 - Payments totaling \$35,893,366 for Certificates of Obligation.
 - Payments totaling \$20,544,203 for Flood Control Certificates of Obligation.
 - Payments totaling \$5,947,613 for Pass-Through Revenue Bonds.
 - Payments totaling \$8,455,391 for Build America Bonds.
