

GRANT FUNDS

San Antonio Military Medical Center (SAMMC)

The 2005 Base Realignment and Closure (BRAC) included construction and renovation of BAMC to build the 760,000-square-foot consolidated tower, 1,800,000-square-foot parking garage, and 22,400-square-foot central Energy Plant and renovate approximately 288,000 square feet of the existing BAMC facility. In 2011, BAMC changed its name to San Antonio Military Medical Center (SAMMC). At the same time, Wilford Hall Medical Center was re-designated Wilford Hall Ambulatory Surgical Center (WHASC). SAMMC is the largest medical center in the Department of Defense. Also included in this division are the Center for the Intrepid, Fort Sam Houston Clinic, McWethy Troop Medical Clinic, Taylor Burk Clinic at Camp Bullis, and the Schertz Medical Home.

GRANTS-IN-AID FUND

FUND: 800

Program Description:

Bexar County continuously explores opportunities to use grants to supplement annual budget allocations in support of services provided by County offices and departments. Grant funds also serve as potential seed money for new programs and/or services, particularly within County priority areas of concern, identified gaps in service, and other service needs.

Prior to receiving grants from multiple state and federal sources, the Commissioners Court will approve, in advance, office and department applications for discretionary grant funding. Programs and services funded by grant monies are authorized only for the term of the grant. Likewise, positions that are funded by grant resources are authorized only for the term of the grant and employees who fill these positions are notified of this condition of employment. Grants appearing in this fund vary from year to year as some expire and others become active. Currently, all grants' budgets appear under this fund, including grants received that were not anticipated at the time that the budget was prepared. The County's cash matches for grants, if required, are appropriated in the responsible office or department's budget. Estimates are based on the best available data at the time the budget is prepared.

Performance Indicators:

Each grant includes performance indicators particular to its service and/or program activities. These indicators become part of the grant submission and award. Bexar County offices and departments which are awarded grant funds are responsible for adhering to all grantor requirements, including but not limited to grant certifications, training, submission of regular progress reports, maintenance of written policies and procedures and other documentation supporting grant activities, and notifying the grantor agency of grant changes. Performance reports are reviewed by the County in recommending support for grant renewal or continued service funding through other non-grant means.

Appropriations:

County grants are listed with FY 2010-11 actuals, estimated expenditures for FY 2011-12, and the Adopted Budget for FY 2012-13. Each Grant is listed by funding source. Many of the grant years are different than the County's fiscal year. Therefore, a significant amount of funds can be carried forward each year, depending on the term of each grant.

Due to various grant applications and terms, grant appropriations and authorized positions are approximate and may fluctuate throughout the Fiscal Year.

COMMUNITY RESOURCES

HOME INVESTMENT PARTNERSHIP FUND (HOME)

& THE AMERICAN DREAM DOWN PAYMENT

INITIATIVE PROGRAM (ADDI)

FUND: 802

Mission: To provide Bexar County residents with a comprehensive array of services to encourage self-sufficiency skills and allow recipients to maximize their talents resulting in an improved quality of life which positively impacts the Bexar County community.

Vision: To develop the human and physical infrastructure of Bexar County through the Administration of public service programs with the provisions of local, state and federal funding and HOME funding for new construction, rehabilitation, and acquisition of single family, multi-family and transitional living facilities. In addition to HOME funding, Bexar County also received American Dream Down payment Initiative (ADDI) funding. The Community Resources Department oversees the day to day operations of local Contractors or Sub-recipients to ensure the delivery of quality services that will benefit the low and moderate income persons and neighborhoods having a particular housing need or down payment assistance within Bexar County Jurisdictional areas. (*Federal Register, 24 Section 92.205*)

Goals and Objectives:

- To maximize available resources
- To provide educational programs
- To provide access to entitlement benefits
- To provide financial assistance
- To provide information and referral
- To provide community development activities

The United States Department of Housing & Urban Development (HUD) program requirements state that agencies involved in the planning, application and performance reporting related to the receipt of federal funds from the Community Development Block Grant (CDBG) and the **HOME Investment Partnership Act (HOME)** must complete a Consolidated Plan.

The Consolidated Plan is a 5-year strategic planning document. More information regarding the Consolidated Plan process may be viewed in the Community Development Block Group (CDBG) narrative.

For purposes of CDBG and HOME programs, housing is defined as *an activity carried out for the purpose of providing or improving permanent residential structures which, upon completion, will be occupied by low and moderate income households. This could include the acquisition, new construction, reconstruction or rehabilitation of non-luxury housing with suitable amenities, including real property acquisition, site improvements, conversion and demolition. Other expenses may include financing costs, relocation expenses of any displaced persons, families, businesses or organizations. Tenant-based rental assistance may also be used with HOME funding, to include security deposits, payment of reasonable administrative planning costs and payment for operating expenses of community housing development organizations. The housing must be permanent or transitional. (Federal Register, 24 Section 92.205)*

Program Description: The HOME Investment Partnership and ADDI Program goals are to effectively and efficiently allocate the supply of decent, safe and affordable housing for low-to-very low income residents within the Bexar County unincorporated areas. The Programs ensure compliance with the HUD regulations and the Office of Management and Budget (OMB) circulars.

On July 10, 2012, Commissioners Court approved the final selection of the FY 2012–13 HOME Projects which are outlined below. A *One Year Action Plan* describing the use of funds for these projects and the amount of funding allocated for each project was submitted to HUD on August 15, 2012.

FY 2012-13 will be the twenty-first year that Bexar County has received HOME funding; the County will receive \$361,000.

The HUD American Dream Down-payment Initiative (ADDI) Program is administered differently than the HOME Program. The Department approves home loan applications for persons with low-to-very low income who will guarantee that they will reside within the unincorporated area of Bexar County or in a municipality other than the City of San Antonio. If a person/household is eligible, then a set amount of down payment assistance will be provided. ADDI can only be used for direct assistance.

Performance Indicators:

	FY 2010-11 Actual	FY 2011-12 Estimate	FY 2012-13 Budget
--	------------------------------	--------------------------------	------------------------------

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

FUND: 803

Mission: To facilitate significant change in Bexar County through the investment of appropriate resources. This will be accomplished by: identifying and maximizing all available resources in the community; working cooperatively with other governmental agencies, organizations and institutions to provide planned, comprehensive services for our customers that avoid duplication of services; refining program and service delivery designs to identify additional opportunities for effective and efficient delivery of services; developing and implementing a comprehensive plan, administration of the program and coordination of projects/activities to effect change for the citizens of Bexar County with comprehensive array of services and improvements.

Vision: To change lives through careful, deliberate use of tools and resources available to the department. This will be accomplished through effective administration of the following: Public Service Programs throughout Bexar County with resources from local, state and federal funding at sites accessible to the citizens of the County; Community Development Block Grant resources to advance the environment through construction of water, sewer, drainage, road, street and sidewalk projects and other public facilities; Community Development Block Grant and HOME program resources to provide housing by providing new construction, rehabilitation and acquisition of single family, multi-family and transitional living facilities to help stabilize families' lives.

Goals and Objectives:

- Provide quality services and client satisfaction through the timely and cost effective expenditure of resources
- Enhance access to and delivery of entitlement benefits through Bexar County
- Provide and promote quality information and referrals to other resources
- Promote community involvement and development activities
- Maintain complete and accurate project records to avoid HUD non-compliance findings

Every five years, Bexar County is required to conduct comprehensive assessments of housing and community development needs as well as identify strategies and goals to meet these needs. Bexar County's Consolidated Plan 2011-16 fulfills these requirements to enhance the quality of life for Bexar County Residents.

CDBG Regulations: Definitions of Priorities

Public Service – Providing funding to sub recipients for those concerned with employment, crime prevention, child care, health, drug abuse, education, fair housing counseling, energy conservation, welfare, homebuyer down payment assistance or recreational needs.

Housing – An activity carried out for the purpose of providing or improving permanent residential structures which, upon completion, will be occupied by low and moderate income households. This could include the acquisition or rehabilitation of property, new housing construction or conversion of nonresidential structures.

Public Facilities – Acquisition, construction, reconstruction, rehabilitation or installation of public facilities and improvements carried out by the recipient. Such facilities could include shelters, halfway houses for run-away children, drug offenders or parolees, group homes for mentally challenged persons and temporary housing for disaster victims.

Infrastructure – Acquisition, reconstruction, rehabilitation and installation of distribution lines and facilities of privately-owned utilities, provided such activities meet a national objective. A grantee may use CDBG funds to pay the costs of placing underground utilities, such as gas or telephone lines. A grantee may be able to install water and sewer lines to be owned and operated by a private utility.

Economic Development – Eligible activities are extensive and include acquisition, construction, reconstruction, rehabilitation or installation of commercial or industrial buildings, structures and other real property equipment and improvements, including railroad spurs or similar extensions. Additionally, private for profit businesses may receive grants, loans and other forms of support for any activity where the assistance is appropriate to carry out an economic development project. Lastly, in connection with eligible economic activities, developers must outreach to market available forms of assistance, screen applicants, review and underwrite applications, screen, refer and place low to moderate income applicants for employment opportunities generated by a CDBG eligible economic development activity.

Program Description: The CDBG Division’s goals are to effectively and efficiently allocate the supply of CDBG funding for all eligible projects for eligible residents and areas of Bexar County. The Bexar County Community Development Block Grant (CDBG) ensures compliance with the U.S. Department of Housing & Urban Development (HUD) regulations and the Office of Management and Budget (OMB) circulars.

Beginning in the month of January, nine public hearings were held throughout Bexar County to solicit funding requests from the general public, service organizations and participating cities for the CDBG and HOME funding. For FY 2012-13, a total of 34 requests for funding were submitted.

The preliminary selection of 30 CDBG and 4 HOME projects was reviewed by Commissioners Court on June 12, 2012 and published in the *San Antonio Express-News*. Thereafter, a required publication of public notice, followed by a 30-day public comment period, was conducted. Commissioners Court is required by regulation to review all public comments received and then approve or make changes to the final selection of projects to be funded with CDBG and HOME funding for the current year.

On July 10, 2012 Commissioners Court approved the final selection of the FY 2012–13 CDBG and HOME Projects as shown in the budget narrative after the Authorized Positions Listing and in the HOME services section of this budget document. A *One Year Action Plan* describing the use of funds for the projects selected and the amount of funding allocated for each project was developed and submitted to Housing & Urban Development (HUD) on August 15, 2012.

In conjunction with the *One Year Action Plan*, a *Five Year Consolidated Plan* (Con Plan) for CDBG & HOME funding must be submitted to HUD by August 15th. The *Con Plan* is a HUD program requirement which allows Bexar County to identify the housing and community development needs of its residents. The plan covers the Urban County jurisdiction and is comprised of the Balance of Bexar (participating incorporated cities and unincorporated areas). During the CDBG & HOME public hearings in the months of January and February every year, citizens are asked (along with public and private agencies that provide housing, health services and social services) to participate in the identification of housing and non-housing community needs in the Urban County jurisdiction. FY 2012-13 is the twenty-seventh year of Bexar County’s participation in the CDBG program.

Performance Indicators:

CDBG Funding:

Adopted FY 2012-13

Funding Source	FY 2012-13 Budget
*U.S. Department of Housing & Urban Development (HUD)	\$1,527,300
Total	\$1,527,300
15% available for Public Service Projects	\$229,107
20% available for Administration Costs	305,477
3% Project Delivery	29,783
Total available for all other FY 2012-13 CDBG Projects	992,716
Total	\$1,527,300

* Funding year is October 1, 2012 – September 30, 2013

- All Public Service funding must be expended within the program year and not more than 15 percent of the current year’s allocation can be expended for public service funding.
- Not more than 20 percent of the current year’s allocation can be expended for administration.

CDBG funding can be carried over to the next year, excluding public service and administration costs. If all public service and administration costs cannot be expended during the budget year, the additional funding may be used for eligible CDBG project with budgetary short falls during the budget year. CDBG authorized positions and reclassifications are contingent upon available CDBG grant funding.

Authorized Positions:
