PURSUANT TO THE TEXAS DISASTER ACT OF 1975, BEXAR COUNTY JUDGE NELSON W. WOLFF HEREBY ISSUES THIS EXECUTIVE ORDER AS FOLLOWS:

Effective as of 5:00 p.m. on Wednesday, November 25, 2020 ("*Effective Date*"), and continuing until fourteen (14) days following the termination of the state-wide public health emergency as declared by Texas Governor Greg Abbott, unless extended, modified or terminated early by Bexar County Judge Nelson W. Wolff or as otherwise indicated below:

- I. **Public Health Emergency.** That this Executive Order shall continue the local disaster declaration and public health emergency for Bexar County for the period specified in this Executive Order and shall incorporate and adopt the most recent executive orders, proclamations or declarations issued by Governor Greg Abbott and any subsequent orders, proclamations or declarations issued by the Governor relating to the COVID-19 disaster. This Executive Order further identifies more stringent measures that are necessary to mitigate spread of the COVID-19 virus including adopting the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention Order for Temporary Halt in Residential Evictions to Prevent the Further Spread of COVID-19, published in the Federal Register and effective on September 4, 2020.

- II. **Health and Safety Policy – Commercial Entities.** From the date of this Executive Order, all commercial entities in Bexar County providing goods or services directly to the public must develop and implement a health and safety policy ("*Health and Safety Policy*"). The Health and Safety Policy must require, at a minimum, 1) that all employees, customers and other visitors to the commercial entity's business premises or other facilities wear face coverings when in an area or performing an activity which will necessarily involve close contact or proximity to co-workers or the public where six feet of separation is not feasible, and 2) that the commercial entity prominently display a list of COVID-19 symptoms at or near the public and employee entrances of the premises. The Health and Safety Policy required to be developed and implemented by this Executive Order may also include the implementation of other mitigating measures designed to control and reduce the transmission of COVID-19 such as temperature checks or health screenings. Temperature screening is highly encouraged for employees, customers and for visitors to retail stores with volume and capacity levels that allow for practical implementation. Commercial entities must post the Health and Safety Policy required by this Executive Order in a

conspicuous location sufficient to provide notice to employees, customers and visitors of all health and safety requirements. Failure to develop and implement the Health and Safety Policy required by this Executive Order may result in a fine not to exceed \$1,000 for each violation.

- III. **Face Coverings – General Public.** In accordance with executive order GA-29, that every person 10 years or older in Bexar County shall wear a face covering over the nose and mouth when inside a commercial entity or other building or space open to the public, or when in an outdoor public space, wherever it is not feasible to maintain six feet of social distancing from another person not in the same household or when working in areas that involve close proximity with other coworkers. The CDC advises face coverings for people 2 years or older. Face coverings may include homemade masks, scarfs, bandanas, or a handkerchief. Bexar County residents should continue to maintain social distancing of at least six feet while outside their home. Bexar County employees are also required to wear face coverings under the same circumstances as the general public.

Following a verbal or written warning for a first-time violator of this face covering requirement, a person's second violation shall be punishable by a fine not to exceed \$250. Each subsequent violation shall be punishable by a fine not to exceed \$250 per violation.

IT IS STRONGLY RECOMMENDED THAT YOU NOT OBTAIN OR WEAR MEDICAL MASKS or N-95 RESPIRATORS AS THEY ARE A NEEDED RESOURCE FOR HEALTH CARE PROVIDERS AND FIRST RESPONDERS. Our healthcare workers and first responders on the front-line combating COVID-19 must have priority access to medical masks or other personal protective equipment. Face coverings do not need to be worn by:

- any person younger than 10 years of age (though strongly encouraged);
- any person with a medical condition or disability that prevents wearing a face covering;
- any person while the person is consuming food or drink, or is seated at a restaurant to eat or drink;
- any person while (a) exercising outdoors or engaging in physical activity outdoors, and (b) maintaining a safe distance from other people not in the same household;
- any person while the person is driving alone or with passengers who are part of the same household as the driver;
- any person obtaining a service that requires temporary removal of the face covering for security surveillance, screening, or a need for specific access to the face, such as while visiting a bank or while obtaining a personal care service involving the face, but only to the extent necessary for the temporary removal;
- any person while the person is in a swimming pool, lake, or similar body of water;
- any person who is voting, assisting a voter, serving as a poll watcher, or actively administering an election, but wearing a face covering is strongly encouraged;
- any person who is actively providing or obtaining access to religious worship, but wearing a face covering is strongly encouraged; or
- any person while the person is giving a speech for a broadcast or to an audience.

Please note that face coverings are a secondary strategy to other mitigation efforts. **Face coverings are *not* a replacement for social distancing, frequent handwashing, and self-isolation when sick.** All people should follow CDC recommendations for how to wear and take off a mask. Residents should keep up the following habits while in public:

- washing hands before you leave home and when you return,
- staying at least six feet away from others,
- avoiding touching nose or face,
- not using disposable masks more than three times, and
- washing reusable cloth masks regularly to prevent the spread of the virus.

IV. **Large Gatherings Prohibited.** Large gatherings or events estimated to be in excess of 10 people outdoors are prohibited. Exceptions from this prohibition are listed below in (1) through (15):

These requirements for large gatherings or events are effective Friday, July 3, 2020 beginning at 12:00 p.m. Failure to develop and implement the Health and Safety

Dine-in food service providers may resume dine-in services, to include outdoor service, beginning at 6AM. All dine-in food service providers are strongly encouraged and urged to offer only curbside or take-out services until the curfew expires on Monday, November 30, 2020. Unless otherwise provided, a violation of this provision shall be punishable by a fine of up to \$1,000.00. Each day a violation continues constitutes a new offense.
- VIII. **Bars.** Effective as of 11:59 P.M. on the date local health officials determine that Bexar County qualifies as an "areas with high hospitalization" (as that term is defined in GA-32) and following submission of an opt-out form submitted by Bexar County Judge Nelson Wolff to the Texas Alcoholic Beverage Commission (TABC), bars and similar establishments that hold a permit from TABC and are not restaurants as defined in paragraph No. 6 of GA-32, may no longer offer on-premises service.

The prohibition shall extend to any agency or organization who employs individuals for purposes of staffing or on a temporary basis. Notwithstanding, this prohibition does not, and is not intended to, impact or restrict the ability of an individual, organization or entity to operate as an essential business under the orders of the Texas Governor, but shall only restrict the ingress/egress and movement of persons into or out of more than one nursing home facility when not necessary to provide critical services.
