This American Rescue Plan Act (ARPA) Coronavirus State and Local Fiscal Recovery Funds Funding Agreement (this “Agreement”) is entered into and between BEXAR COUNTY, TEXAS (“COUNTY”), a political subdivision of the State of Texas, through its ARPA Office, and THE MULTI-ASSISTANCE CENTER AT MORGAN’S WONDERLAND (“BEFICIARY” or “Grantee”), a 501(c)(3) non-profit organization in good standing and duly authorized to conduct business under the laws of the State of Texas (also, individually, a “Party” or, collectively, the “Parties”). The Parties agree as follows:

ARTICLE ONE
INTRODUCTION

1.01 On March 13, 2020, Texas Governor Greg Abbott (“Governor Abbott”) issued a declaration of public health disaster in and for the State of Texas due to the COVID-19 pandemic, and on March 19, 2020, the Texas Department of State Health Services (“DSHS”) issued a declaration of a public health disaster in the State of Texas. Governor Abbott’s and DSHS’s declarations of a public health disaster continue to remain in effect.

1.02 COUNTY received Coronavirus State and Local Fiscal Recovery Funds (“SLFRF Grant Funds”), established by the American Rescue Plan Act of 2021 (“ARPA”), enacted on May 11, 2021, to support the immediate pandemic response, bring back jobs, and lay the groundwork for a strong and equitable recovery in areas affected by COVID-19. COUNTY is required to follow the terms and conditions set forth in the SLFRF Grant Funds Award Terms and Conditions, attached as Exhibit “A”.

1.03 ARPA, U.S. Department of the Treasury (“Treasury”) rules, and associated guidance allow for substantial discretion to jurisdictions to use the SLFRF Grant in ways that best suit the needs of their constituents – but limit eligible uses of SLFRF Grant Funds: to respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality; to respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers; for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency; and to make necessary investments in water, sewer, or broadband infrastructure.

1.04 Following guidance of Treasury, Bexar County Commissioners Court identified broad areas impacted by COVID-19, including impacts to households, businesses and/or nonprofits, and established an ARPA Office whose role was to develop related and reasonably proportional responses to the identified impacts of COVID-19 (“ARPA Office”). The ARPA Office reviewed proposals to determine if they were ARPA-funding eligible and fit within the Treasury-identified enumerated uses or if they would otherwise be eligible as a non-enumerated use. Selected respondents were required to submit an application to assess the respondent’s impact from COVID-19 along with other supporting information in order to allow the ARPA Office to review
and determine projects or proposed uses of funding to recommend to the Bexar County Commissioners Court as best suited to support or assist a more equitable recovery within Bexar County, an underserved community of disproportionately lower income households which were more directly impacted by the pandemic.

1.05 BENEFICIARY is a Texas nonprofit corporation that offers support to Bexar County residents and has requested the grant funding provided under this Agreement in order to administer a program (“Project”), as further described in Exhibit “B” and Exhibit “C”. BENEFICIARY will incur certain costs or expenses, which are eligible for SLFRF Grant Funds under Expense Category 2.34 Assistance to Impacted Nonprofit Organizations.

1.06 The ARPA Office has determined, following an evaluation of BENEFICIARY’s application for funds, that BENEFICIARY may receive SLFRF Grant Funds as a related and reasonably proportional response to the extent and type of negative economic impacts BENEFICIARY has endured due to the COVID-19 pandemic. Bexar County Commissioners Court has determined that providing BENEFICIARY with funding is a necessary and appropriate expenditure of SLFRF Grant Funds received by COUNTY.

ARTICLE TWO

c) is an expense or cost that is not qualified for SLFRF Grant Funds.

ASSURANCES OF COMPLIANCE WITH CIVIL RIGHTS REQUIREMENTS
ASSURANCES OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

As a condition of receipt of federal financial assistance from the Department of the Treasury, the recipient named below (hereinafter referred to as the “Recipient”) provides the assurances stated herein. The federal financial assistance may include federal grants, loans and contracts to provide assistance to the Recipient’s beneficiaries, the use or rent of Federal land or property at below market value, Federal training, a loan of Federal personnel, subsidies, and other arrangements with the intention of providing assistance. Federal financial assistance does not encompass contracts of guarantee or insurance, regulated programs, licenses, procurement contracts by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Recipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Recipient’s program(s) and activity(ies), so long as any portion of the Recipient’s program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Recipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjecting to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.

2. Recipient acknowledges that Executive Order 13166, “Improving Access to Services for Persons with Limited English Proficiency,” seeks to improve access to federally assisted programs and activities for individuals who, because of national origin, have Limited English proficiency (LEP). Recipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury’s implementing regulations. Accordingly, Recipient shall initiate reasonable steps, or comply with the Department of the Treasury’s directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Recipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Recipient’s programs, services, and activities.

3. Recipient agrees to consider the need for language services for LEP persons when Recipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit http://www.lep.gov.

4. Recipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Recipient and Recipient’s successors, transferees, and assignees for the period in which such assistance is provided.

5. Recipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every contract or agreement subject to Title VI and its regulations between the Recipient and the Recipient’s sub-grantees, contractors, subcontractors, successors, transferees, and assignees:

The sub-grantee, contractor, subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits recipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury’s Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement). Title VI also includes protection to persons with “Limited English Proficiency” in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury’s Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this contract or agreement.

6. Recipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Recipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal
financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Recipient for the period during which it retains ownership or possession of the property.

7. Recipient shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. The Recipient shall comply with information requests, on-site compliance reviews and reporting requirements.

8. Recipient shall maintain a complaint log and inform the Department of the Treasury of any complaints of discrimination on the grounds of race, color, or national origin, and limited English proficiency covered by Title VI of the Civil Rights Act of 1964 and implementing regulations and provide, upon request, a list of all such reviews or proceedings based on the complaint, pending or completed, including outcome. Recipient also must inform the Department of the Treasury if Recipient has received no complaints under Title VI.

9. Recipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other agreements between the Recipient and the administrative agency that made the finding. If the Recipient settles a case or matter alleging such discrimination, the Recipient must provide documentation of the settlement. If Recipient has not been the subject of any court or administrative agency finding of discrimination, please so state.

10. If the Recipient makes sub-awards to other agencies or other entities, the Recipient is responsible for ensuring that sub-recipients also comply with Title VI and other applicable authorities covered in this document State agencies that make sub-awards must have in place standard grant assurances and review procedures to demonstrate that they are effectively monitoring the civil rights compliance of subrecipients.

The United States of America has the right to seek judicial enforcement of the terms of this assurances document and nothing in this document alters or limits the federal enforcement measures that the United States may take in order to address violations of this document or applicable federal law.

Under penalty of perjury, the undersigned official(s) certifies that official(s) has read and understood the Recipient's obligations as herein described, that any information submitted in conjunction with this assurances document is accurate and complete, and that the Recipient is in compliance with the aforementioned nondiscrimination requirements.

BENEFICIARY SPECIFIC TERMS

BENEFICIARY’s Name/Address: The Multi-Assistance Center at Morgan’s Wonderland
Brooke Kearney
Chief Development Officer
5210 Thousand Oaks Drive, Suite 1318
San Antonio, Texas  78233

BENEFICIARY Operations: Funds requested through this specific opportunity are to fund a portion of Phase II to include the Imaging and Ambulatory Surgical Center (ASC). Phase II development within the 165,000 square-foot MAC building will be the only ASC built known to coordinate sedation and provide solo surgical procedures for individuals with special needs. The 11,460 square foot ASC will include seven private and enclosed pre-op rooms and five operating/sedation rooms especially designed and built with individuals with special needs in mind. The facility will be the only ASC known to focus on assisting the special needs population and has been designed accordingly. ASCs of this type have not been built as the throughput is much slower due to the demands of addressing the specific needs of the special needs individual. The new facility will allow the performance of many additional procedures that are not done today due to a lack of facility access. Additionally, since the ASC will be located within The Multi-Assistance Center at Morgan’s Wonderland (The MAC), it will be possible to perform coordinated sedation which will allow for dental, ear, and eye care to be conducted under one sedation along with any necessary blood work. Currently, procedures of this type typically require multiple sedations for the special needs individual. With all the physicians performing these services at the ASC, this new, innovative, cost-effective, and efficient process will now take place under one roof for this underserved population.

Authority: Funds provided under this Agreement are appropriated under the Coronavirus State and Local Fiscal Recovery Funds (“SLFRF”), established by the American Rescue Plan Act of 2021 (“ARPA”) enacted on May 10, 2021, to support the immediate pandemic response, bring back jobs, and lay the groundwork for a strong and equitable recovery in areas affected by COVID-19. COUNTY is authorized to spend money for public health in the county pursuant to Texas Health and Safety Code section 122.001. The funds expended will be used to increase BENEFICIARY’s capacity to provide for public health by improving BENEFICIARY’s ability to weather financial hardship and decreasing BENEFICIARY’s financial insecurity. BENEFICIARY will continue to provide life-saving COVID research on emerging variants and sub-variants throughout the term of this Agreement, and submit the Performance Report in Exhibit E throughout the term of this Agreement.

SLFRF Expenditure Category: 2.34 Assistance to Impacted Nonprofits
As further described in Exhibit “B-1”, BENEFICIARY has faced significant challenges due to the pandemic’s increased demand for services and changing operational needs. BENEFICIARY has experienced financial insecurity and the Project will help increase its capacity to weather financial hardship.
**Term:** The term of this Agreement with BENEFICIARY will commence December 13, 2022, and will terminate on September 30, 2026. All underlying eligible expenditures must be incurred after March 3, 2021, and by June 30, 2026. All necessary submissions for grant funding must be received by COUNTY no later than the close of business on July 31, 2026, using the form in the attached Exhibit “E”. For purposes of this Agreement, a cost is “incurred” when BENEFICIARY has expended funds to cover the cost.

**Compensation:** For eligible expenses COUNTY will grant BENEFICIARY an amount not to exceed **THREE MILLION DOLLARS and NO CENTS ($3,000,000.00)**, for the allocated costs and expenses set out in the Project budget contained in Exhibit “C”.
In 2018, The Multi-Assistance Center at Morgan’s Wonderland began its journey to raise an estimated $36MM to complete a revolutionary, comprehensive care center focused on a medical and non-medical collaborative care model. The 165,000-square-foot facility would be located in Bexar County, Texas, with a capital cost of $36 million.

With the onset of the COVID-19 Pandemic in early 2020, capital fundraising progress was severely delayed in achieving the estimated capital cost due to an economic decline and a severe reduction in community philanthropic giving. In addition, because of the pandemic, the total capital cost has increased by 20% in building and supply costs being over budget due to material and labor shortages making the new capital costs over $45 million.

Funds requested through this specific opportunity are to fund a portion of Phase II to include the Imaging and Ambulatory Surgical Center (ASC). Phase II development within the 165,000 square-foot MAC building will be the only ASC built known to coordinate sedation and provide solo surgical procedures for individuals with special needs. The 11,460 square foot ASC will include seven private and enclosed pre-op rooms and five operating/sedation rooms especially designed and built with individuals with special needs in mind. The facility will be the only ASC known to focus on assisting the special needs population and has been designed accordingly. ASCs of this type have not been built as the throughput is much slower due to the demands of addressing the specific needs of the special needs individual. The new facility will allow the performance of many additional procedures that are not done today due to a lack of facility access. D. Project Description

The Multi-Assistance Center at Morgan's Wonderland, or The MAC. This unique and innovative endeavor is dedicated to becoming a one-stop-shop model that provides medical and non-medical services for individuals with disabilities and special needs of all ages. The MAC Care Model is centered around addressing Social Determinants of Health (SDoH) through team members known as MAC Navigators, that serve as single points of contact for the individuals with special needs The MAC serves. Thirty partner organizations share a common goal of delivering and coordinating such services under one roof to provide and coordinate such services through The MAC Navigators. Service delivery to clients, or MAC Members, is focused on being comprehensive, complementary, and synergistic, thus providing a better experience for individuals with disabilities and special needs as well as better outcomes through improved coordination and communication among the different providers. The MAC is person- and family-centered, efficient, holistic, and integrated. It's a bold new approach to solving multi-faceted problems of those dealing with disabilities and special needs daily. The services available at The MAC through its affiliated organizations focus on the Social Determinants of Health, which are conditions in the places where people live, learn, work, and play that affect a wide range of health and quality-of-life risks and outcomes. Such as transportation unavailability and barriers to empowerment that result from income status, education level, food insecurity, etc. Studies have shown that up to 70 percent of an individual's health status depends on SDoH and behavioral factors. The MAC's approach looks at the individual and family holistically and strives to keep them healthy and equipped with tools for achieving a better quality of life.

Funds requested through this specific opportunity are to fund a portion of Phase II to include the Ambulatory Surgical Center (ASC), Imaging, Dental, and Eye Care. Phase II development within the 165,000-square-foot MAC building will be the only ASC built known to coordinate sedation and provide solo surgical procedures for individuals with special needs. With all the physicians performing these services located at the ASC, this new, innovative, cost-effective, and efficient process will now take place under one roof for this underserved population. In addition, Phase II includes a major expansion of our dental center by adding more dental bays, dental equipment, and eye equipment for our eye clinic to provide care specific to individuals with special needs, including the most acute case. It is also pertinent to note that the physicians and clinicians overseeing the Phase II facilities are established providers in the Bexar County Community.

### Appendix 1: Definitions

**Appropriation:** An act of Congress that allows Federal agencies to incur obligations and to make payments out of the Treasury for specified purposes.

**Covered Benefits:** The costs of all types of leave (vacation, family-related, sick, military, bereavement, sabbatical, jury duty), employee insurance (health, life, dental, vision), retirement (pensions, 401(k)), unemployment benefit plans (federal and state), workers’ compensation insurance, and Federal Insurance Contributions Act taxes (which includes Social Security and Medicare taxes).

**Essential work:** Work involving regular in-person interactions or regular physical handling of items that were also handled by others. A worker would NOT be engaged in essential work and, accordingly may not receive premium pay, for telework performed from a residence.

**Human services employees:** employees providing or administering social services, public benefits, child welfare services, and child, elder, or family care

**Premium Pay:** An amount of up to $13 per hour that is paid to an eligible worker, in addition to wages or remuneration the eligible worker otherwise receives, for all work performed by the eligible worker during the COVID-19 public health emergency (i.e. since January 27, 2020). Such amount may not exceed $25,000 with respect to any single eligible worker.

Premium pay will be considered to be in addition to wages or remuneration the eligible worker otherwise receives if, as measured on an hourly rate, the premium pay is: 1. With regard to work that the eligible worker previously performed, pay and remuneration equal to the sum of all wages and remuneration previously received plus up to $13 per hour with no reduction, substitution, offset or other diminishment of the eligible worker’s previous, current or prospective wages or remuneration, or 2. With regard to work that the eligible worker continues to perform, pay of up to $13 that is in addition to the eligible worker’s regular rate of wages or remuneration, with no reduction, substitution, offset, or other diminishment of the workers’ current and prospective wages or remuneration.

**Obligations:** Contracts or other binding commitments made by Federal agencies to pay out money for products, services, or other purposes distinct from actual payments. Obligations incurred may not be larger than available budget authority, grant authority, loan authority, or available funds for processing and advertising expenses.

**Public health employees:** employees involved in providing medical and other health services to patients and supervisory personnel, including medical staff assigned to schools, prisons, and other such institutions, and other support services essential for patient care (e.g., laboratory technicians, medical examiner or morgue staff) as well as employees of public health departments directly engaged in matters related to public health and related supervisory personnel.

**Public safety employees:** police officers (including state police officers), sheriffs and deputy sheriffs, firefighters, emergency medical responders, correctional and detention officers, and those who directly support such employees such as dispatchers and supervisory personnel.

**Qualified Census Tract (QCT):** Low-Income Housing Tax Credit Qualified Census Tracts must have 50 percent of households with incomes below 60 percent of the Area Median Gross Income (AMGI) or have a poverty rate of 25 percent or more. Difficult Development Areas (DDA) are areas with high land, construction and utility costs relative to the area median income and are based on Fair Market Rents, income limits, the 2010 census counts, and 5-year American Community Survey (ACS) data.
Appendix 2: Expenditure Categories

The Expenditure Categories (EC) listed below must be used to categorize each project. The term “Expenditure Category” refers to the detailed level (e.g., 1.1 COVID-19 Vaccination). When referred to as a category (e.g., EC 1) it includes all Expenditure Categories within that level.

* Denotes areas where recipients must identify the amount of the total funds that are allocated to evidence-based interventions (see Use of Evidence section above for details). Please note the evidence-based questions are only applicable to States, U.S. Territories, and metropolitan cities and counties with population over 250,000.

^Denotes areas where recipients must report on whether projects are primarily serving disproportionately impacted communities (see Project Demographic Distribution section above for details).

INVOICE GUIDANCE

Purpose

The purpose of this document is to provide invoicing guidance and describe responsibilities, procedures, and instructions governing the review and approval of invoice payments to grant recipients. This guidance will help ensure that invoices are properly and consistently reviewed and analyzed in a standardized manner prior to making payments to grant recipients.

Terms of Payment

The grant recipient must request the full grant amount by submitting a signed invoice.

All grantees need to track project expenses accurately using the same expense categories as in the approved budget included in the executed agreement.

- Submitting proposal instead of invoice
- Incorrect/missing shipment information on receipts (Amazon orders)
- Missing details on receipt – date, vendor address
- Submitting credit card or bank statements instead of vendor receipts

Disallowed costs

- Items paid for with a gift card
- Sales taxes
- Purchases not in line with the award or approved budget line items. For example: paying for a catered lunch or lunches for group meeting - if it was not listed on the Project Budget these Grant funds cannot be used to pay these type expenses.

Performance Reports

Performance reports must be submitted annually until Project is completed. These reports describe the Grantee’s accomplishments and share achievements and progress made towards program goals and to ensure accountability and transparency in the use of County funds. The information provided is used by the County to keep up on project progress and to ensure compliance with contractual requirements.

Performance supporting documentation including, but not limited to, newspaper articles, brochures, flyers, meeting notices, meeting minutes, training agendas, attendance rosters and any
information that would support or authenticate the progress of performance relating to the terms of the grant agreement should also be submitted.
