This American Rescue Plan Act ("ARPA") Coronavirus State and Local Fiscal Recovery Funds Funding Agreement (the "Agreement") is entered into and between BEXAR COUNTY, TEXAS ("COUNTY"), a political subdivision of the State of Texas, through its ARPA Office, Habitat for Humanity of San Antonio, a Texas 501(c)(3) non-profit corporation, ("SUBRECIPIENT" or "Grantee"), (also, individually, a "Party" or, collectively, the "Parties"). The Parties agree as follows:

ARTICLE ONE
INTRODUCTION

1.01 On March 13, 2020, Texas Governor Greg Abbott ("Governor Abbott") issued a declaration of public health disaster in and for the State of Texas due to the COVID-19 pandemic, and on March 19, 2020, the Texas Department of State Health Services ("DSHS") issued a declaration of a public health disaster in the State of Texas. Governor Abbott’s and DSHS’s declarations of a public health disaster continue to remain in effect.

1.02 COUNTY received Coronavirus State and Local Fiscal Recovery Funds ("SLFRF Grant Funds"), established by the American Rescue Plan Act of 2021 ("ARPA"), enacted on May 10, 2021, to support the immediate pandemic response, bring back jobs, and lay the groundwork for a strong and equitable recovery in areas affected by COVID-19. COUNTY is required to follow the terms and conditions set forth in the SLFRF Grant Funds Award Terms and Conditions, attached as Exhibit “A”.

1.03 ARPA, U.S. Department of the Treasury ("Treasury") rules, and associated guidance grant substantial discretion to jurisdictions to use the ARPA award funds in the ways that best suit the needs of their constituents – but limit eligible uses of SLFRF Grant Funds: to respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality; to respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers; for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency; and to make necessary investments in water, sewer, or broadband infrastructure.

1.04 Following guidance of Treasury, Bexar County Commissioners Court identified broad areas impacted by COVID, including impacts to households, businesses and/or nonprofits, and established an ARPA Office whose role was to develop related and reasonably proportional responses to the identified impacts of COVID-19 ("ARPA Office"). The ARPA Office reviewed proposals to determine if they were ARPA-funding eligible and fit within the Treasury-identified enumerated uses or if they would otherwise be eligible as a non-enumerated use. Selected respondents were required to submit an application to assess risk along with other supporting information in order to allow the ARPA Office to review and determine projects or proposed uses of funding to recommend to the Bexar County Commissioners Court as best suited to support or assist a more equitable recovery within Bexar County.

1.05 In compliance with the federal HOME Investment Partnerships Program (HOME), SUBRECIPIENT is an entity expanding sustainable single family homeownership opportunities to low income Bexar County residents by developing buildable, residential single family lots known as the Yucca Street Development Project, ("Project") to serve as decent, safe, and sanitary housing development for vulnerable populations earning up to 80% of the area median income (AMI) as adjusted for family size and that are disproportionately impacted by the negative economic impacts of the COVID–19 public health emergency by targeting the region’s social determinants of health inequity ("Project" or "Program"), as further described in Exhibit “B” and Exhibit “C”. SUBRECIPIENT will provide home ownership readiness training and housing counseling to assisted households of the Project as provided directly
by the SUBRECIPIENT and/or its partnering agencies or local nonprofit providers. SUBRECIPIENT will incur certain land acquisition and construction costs or expenses in connection with the Project, which are eligible for reimbursement by SLFRF Grant Funds under Expense Category 2.15, Long-term Housing Security: Affordable Housing.

1.06 The ARPA Office has determined, following an evaluation of SUBRECIPIENT’s application for funds, including the financial stability, and risk assessment by the ARPA Office to determine SUBRECIPIENT’s risk of noncompliance with funding requirements, that SUBRECIPIENT may receive SLFRF Grant Funds for SUBRECIPIENT’s Project. Bexar County Commissioners Court has determined that providing SUBRECIPIENT with funding is a necessary and appropriate expenditure of SLFRF Grant Funds received by COUNTY.

ARTICLE TWO
Purpose

2.01 SUBRECIPIENT agrees to administer the Project and perform or cause to be performed all activities as further discussed in this Agreement and in accordance with the terms of the exhibits and addendums listed in Article 16. All exhibits and addendums are attached hereto and incorporated herein for all relevant purposes.

ARTICLE THREE
Reimbursement of Expenses

3.01 SLFRF Grant Funds will be paid by COUNTY to SUBRECIPIENT for allowable costs that SUBRECIPIENT incurs in the not to exceed amount stated in Exhibit “B”. SUBRECIPIENT will submit requests for budget revisions to COUNTY for approval in accordance with this Agreement and Exhibit “D”. All budget revision requests must be submitted no less than 60 days prior to the end of the contract period, December 31, 2026. COUNTY will not consider requests for budget revisions submitted after this deadline.

3.02 SUBRECIPIENT will submit a billing package (which will include an Invoice and Invoice Expenditure Report, Monthly Performance Report and the Monthly Construction Progress Report required pursuant to Exhibit “D”) on a monthly basis no later than the 10th day after the close of each month in the formats detailed in Exhibit “E”, along with sufficient documentation of eligible expenses incurred during the preceding month (e.g., receipts, invoices etc.). SUBRECIPIENT will utilize the guidance in Exhibit “F” in completing its billing package. COUNTY will pay these submitted invoices in accordance with the Texas Prompt Payment Act.

SUBRECIPIENT will submit reimbursement requests to County’s ARPA Office with supporting documentation to:

Via mail: Bexar County ARPA Office
101 West Nueva, Suite 809
San Antonio, Texas 78205

Via email: ARPA@bexar.org

3.03 All reimbursement decisions are to be made by the Bexar County Auditor ("Auditor"). The decision of the Auditor as to the final amount eligible for reimbursement or whether a particular submitted expense is eligible for reimbursement is final and not subject to dispute. Submitting an incomplete reimbursement request or performance report will cause the reimbursement to be delayed, or denied. SUBRECIPIENT will be responsible to furnish any additional documentation requested by the Auditor to substantiate the reimbursement request or performance report. If the information is not provided within five (5) business days, the reimbursement request will not be considered for reimbursement.
If the information is not provided within five (5) business days, the reimbursement request will not be considered for reimbursement.

3.04 COUNTY may withhold all or part of any payments to SUBRECIPIENT to offset reimbursement for any ineligible expenditures, disallowed costs, or overpayments that SUBRECIPIENT has not refunded. COUNTY may take repayment from funds available under this Agreement in amounts necessary to fulfill SUBRECIPIENT’s repayment obligations.

3.05 Within 10 business days of COUNTY’s written request, SUBRECIPIENT will refund to COUNTY any sum of money paid by COUNTY to SUBRECIPIENT that COUNTY has determined:

   a) Resulted in overpayment to SUBRECIPIENT;
   b) Has not been spent by SUBRECIPIENT; or
   c) Is not supported by adequate documentation to fully justify the expenditure or alternatively, is determined by COUNTY to be an expense or cost that is not qualified for SLFRF Grant Funds under this Agreement.

ARTICLE FOUR
FEDERAL FUNDING; SUBRECIPIENT OBLIGATIONS

Federal Funding

4.01 SUBRECIPIENT acknowledges that SLFRF Grant Funds will be used to fund this Agreement. SUBRECIPIENT agrees further that it will be bound by the SLFRF Grant Funds Award Terms and Conditions, attached as Exhibit “A”, between Treasury and COUNTY and such other rules, regulations, or requirements as Treasury may reasonably impose in addition to the aforementioned assurances at or subsequent to the execution of this Agreement by the Parties hereto. SUBRECIPIENT will comply with all requirements for subrecipients contained in 2 CFR Part 200, et al.—and any changes to 2 CFR Part 200, et al. will be automatically incorporated into this Agreement without written amendment hereto, and will become a part hereof as of the effective date of the rule, regulation or law. SUBRECIPIENT will comply with all applicable federal law, rules, regulations, executive orders, policies, procedures, guidance, FAQs, and directives which may be, or after execution become, applicable to this Agreement and that any such changes will be automatically incorporated into this Agreement without written amendment hereto, and will become a part hereof as of the effective date of the rule, regulation or law.

4.02 SUBRECIPIENT acknowledges that it has no right or entitlement to any amount of funding received by COUNTY under ARPA. COUNTY has the sole right to determine whether to distribute funding, in what amount, and which expenses it will consider as eligible for reimbursement, based on guidance issued by Treasury. COUNTY will reimburse eligible expenses in the manner it deems most effective to accomplish the purposes for which this Agreement was entered into. Any distributions will be on a reimbursement basis and only for those expenses which COUNTY, in its sole discretion, determines are eligible.

4.03 Following is additional information concerning the funding for this Agreement pursuant to 2 CFR 200.332:

   a) Federal Award Identification Number: SLFRP1970
   b) Federal Award Date: March 3, 2021
   c) Name of Federal Awarding Agency: United States Department of the Treasury
   d) Total Amount of Federal Funds Obligated to SUBRECIPIENT by COUNTY including the current financial obligation: $4,500,000
4.04 **Procurement.** SUBRECIPIENT will comply with the procurement requirements of 2 CFR Part 200 Subpart D. In addition, SUBRECIPIENT will comply with all requirements pertaining to procurement contained in Exhibit "D" of this Agreement.

4.05 **Subcontractors.** SUBRECIPIENT must obtain COUNTY’s written approval prior to using subcontractors in performing any obligation required by this Agreement.
   a) SUBRECIPIENT may not subaward funds under this Agreement.
   b) SUBRECIPIENT represents and warrants that it will maintain oversight to ensure that subcontractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders, but not limited to having documentation that SUBRECIPIENT checked the appropriate federal and state records for debarred and suspended parties.
   c) Subcontractors must be selected by following the procurement requirements outlined in 2 CFR 200.318 through 2 CFR 200.327.
   d) A written agreement containing all applicable requirements pursuant to ARPA will be required for subcontracted services, including: (1) required contract provisions as discussed in this Agreement; (2) subcontractor providing all information necessary to meet SUBRECIPIENT’s reporting requirements; and (3) providing COUNTY the ability to directly review, monitor, and/or audit the operational and financial performance and/or records of work performed under this Agreement.
   e) In no event shall any provision of this section, specifically the requirement that SUBRECIPIENT obtain COUNTY’s prior written approval of a subcontractor, be construed as relieving SUBRECIPIENT of the responsibility for ensuring that the performances under all subcontract are rendered so as to comply with all of the terms of this Agreement, as if such performances rendered were rendered by SUBRECIPIENT. COUNTY maintains the right to monitor and require SUBRECIPIENT’s full compliance with the terms of this Agreement. COUNTY’S approval under this Section 4.05 does not waive any right of action which may exist or which may subsequently accrue to COUNTY under this Agreement.

4.06 **Return of Funding.** Should SUBRECIPIENT fail to comply with this Agreement or if federal agencies or authorities having jurisdiction over the funding subsequently determine that the funding was used improperly or that a payment was made but later determined to not be actual or allowable costs, SUBRECIPIENT warrants that it will return to COUNTY the amount identified as improperly used or not allowable, whether during the term of this Agreement or after.
   a) SUBRECIPIENT will comply with applicable affordability requirements for the period of 20 years, unless otherwise specifically provided by the terms of this Agreement, or unless extended by agreement of the Parties in writing. Any SLFRF funds invested in housing that does not meet the affordability requirements specified in this agreement must be repaid to COUNTY.

4.07 **Cost Principles.** SUBRECIPIENT will comply with all applicable cost principles as detailed in 2 CFR subpart E that specify that all reimbursed costs are allowable, reasonable, and allocable to the Project.

4.08 **Audit.** If SUBRECIPIENT expends $750,000 or more in federal funds in a fiscal year, it may be subject to Single Audit Requirements in 2 CFR, Part 200, Subpart F – Audit Requirements, at https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl, and subject to the requirements in the Texas Single Audit Circular, at https://comptroller.texas.gov/purchasing/docs/ugms.pdf. The audit must be completed and the data collection and reporting package described in 2 CFR 200.512 must be submitted to the Federal Audit Clearinghouse (FAC) within 30 calendar days after receipt of the auditor’s report(s), or nine months after the end of the audit period, whichever is earlier.
4.09 **Monitoring.** COUNTY reserves the right upon reasonable prior notice and during regular business hours to carry out regular and periodic field inspections, unit inspections, and file reviews, to ensure compliance with the requirements of this Agreement and evaluate the progress and performance of the SUBRECIPIENT and/or the Contractor. After each monitoring visit, COUNTY shall provide SUBRECIPIENT with a written report of the monitor’s findings. If the monitoring reports note deficiencies in SUBRECIPIENT’s performances under the terms of this Agreement, the monitoring report shall include reasonable requirements for the timely correction of such deficiencies by SUBRECIPIENT. Failure by SUBRECIPIENT to take action specified in the monitoring report may be cause for suspension or termination of this Agreement, as provided in Article Seven of this Agreement.

4.10 **Required Certification.** Pursuant to 2 CFR §200.415, SUBRECIPIENT’s annual/final fiscal reports and invoice requesting payment will include a certification signed by an official who is authorized to legally bind SUBRECIPIENT stating:

“By signing this request for payment, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).”

4.11 **Conflict of Interest.** SUBRECIPIENT shall comply with all of the applicable conflict of interest provisions found in 24 CFR §570.611.

4.12 **Closeout.** SUBRECIPIENT agrees to comply with the closeout procedures detailed in 2 CFR §200.344.

4.13 **Use and Reversion of Assets.** All funds provided under this Agreement and all equipment, supplies and materials acquired with funds that are on hand, available to, or in the actual or constructive possession of SUBRECIPIENT at the time of expiration of this Agreement, and any accounts receivable attributable to the use of funds provided under this Agreement will be transferred to COUNTY, excluding any notes receivable that are directly attributable to the sale of an Affordable Housing Unit to a qualified home buyer, or unless otherwise specified in this Agreement. The use and disposition of equipment and real property under this Agreement will be in compliance with the requirements of 2 CFR Part 200. Treasury’s Final Rule FAQ #13.16 provides additional guidance regarding use and disposition requirements for assets purchased with SLFRF Grant Funds.

Pursuant to 2 CFR §200.330, the Federal Government retains an interest in real property acquired or improved under a federal award. As further described in 2 CFR §200.311, when real property acquired or improved under a federal award is no longer needed for the originally authorized purpose, which is to be acquired and developed to create public infrastructure and deed restricted, buildable, residential, single-family lots to be sold to qualified low-income families as described in this Agreement, SUBRECIPIENT must obtain disposition instructions from either Treasury or COUNTY providing for one of the following alternatives: (1) retain title after compensating Treasury; (2) sell the property and compensate Treasury; or (3) transfer title to Treasury or to a third party designated/approved by Treasury. This section excludes real property that will be sold to qualified low income families as described in this Agreement as this is the goal of the Project, therefore this property disposition does not require disposition instructions from either the Treasury or COUNTY. This section also excludes the portion of the raw land that is developed and transferred via recorded plat to the City of San Antonio and/or its public utility companies as public right-of-way, public drainage and/or utility easements as this real property disposition is required for the Project so it does not require disposition instructions from either the Treasury or COUNTY.

4.14 **Program Income.** Pursuant to 2 CFR 200.80, projects generating Program Income, during the period of performance, must retain and reinvest the Program Income to eligible and necessary costs associated with the
creation or preservation of affordable units. Records of the receipt and disposition of Program Income must be maintained by SUBRECIPIENT in the same manner as required for other Agreement funds and must be submitted to COUNTY in the format prescribed by COUNTY.

4.15 Residential Displacement and Relocation. SUBRECIPIENT must ensure that it has taken all reasonable steps to minimize the displacement of persons (families, businesses, and nonprofit organizations) as a result of the Project. SUBRECIPIENT must certify to the COUNTY that it has in effect and is following a residential anti-displacement and relocation assistance plan, and that it will minimize displacement of persons as a result of the Project.

4.16 Affirmative Marketing. SUBRECIPIENT must submit to COUNTY its adopted affirmative marketing procedures and requirements for the Project. Affirmative marketing steps consist of actions to provide information and otherwise attract eligible persons in the housing market area to the available housing without regard to race, color, national origin, sex, religion, familial status, or disability in accordance with 24 CFR § 92.351.

ARTICLE FIVE
REPORTING REQUIREMENTS

5.01 As often and in such form as COUNTY may require, SUBRECIPIENT will furnish to COUNTY information deemed by COUNTY to be pertinent to matters covered by this Agreement. SUBRECIPIENT agrees to provide COUNTY with monthly performance reports in the form set forth in Exhibit “E”.

   b) For single-family homeownership projects, SUBRECIPIENT shall provide COUNTY with recorded deed restrictions restricting the property for sale and resale to vulnerable populations earning up to 80% of the area median income (AMI) as adjusted for family size in accordance with HOME regulations for at least the minimum Affordability Period defined in Section 4.06.a. of this Agreement.

6.02 COUNTY may conduct visits to SUBRECIPIENT’s Project Sites, as set forth in Exhibit “C”, in accordance with the terms and conditions contained in Exhibit “D”, to determine performance and compliance with the terms of this Agreement.

Records to support compliance with subsection 60l(d) may include, but are not limited to, copies of the following: general ledger and subsidiary ledgers used to account for (a) the receipt of SLFRF Grant Funds payments and (b) the disbursements from such payments to meet eligible expenses; budget records for 2021 and 2022; payroll, time records, human

SUBRECIPIENT must also maintain a receipts-and-disbursements ledger and a general ledger with an income-and-expense account for each line item. Paid invoices revealing check number, date paid and evidence of goods or services received must be filed according to the vendor paid.

6.04 Pursuant to 2 CFR § 200.337, SUBRECIPIENT will allow any duly authorized representative of COUNTY and any authorized oversight body - including but not limited to the Government Accountability Office, Treasury’s Office of Inspector General, and the Pandemic Relief Accountability Committee - at all reasonable times, to have access to and the right to inspect, copy, audit, and examine all books, records and other documents of closeout procedures respecting this Agreement, until final settlement and conclusion of all issues arising out of this activity are completed. SUBRECIPIENT will have a continuing obligation to cooperate with COUNTY and any authorized oversight body in the event of any audit, and will provide any documentation requested to substantiate all expenditures utilizing SFFFR Grant Funds provided under this Agreement.

6.05 Sections 6.03 and 6.04 will survive the expiration or termination of this Agreement for five (5) years.

ARTICLE SEVEN

7.01 COUNTY may suspend or terminate this Agreement for convenience with 30 days written notice, or may suspend or terminate this Agreement in accordance with 2 CFR § 200.339 and 2 CFR § 200.340. Costs during suspension or after termination may be paid as discussed in 2 CFR § 200.343.

SUBRECIPIENT SPECIFIC TERMS

SUBRECIPIENT’s Name/Address:  Habitat for Humanity of San Antonio
Natalie Griffith
CEO and President
311 Probandt
San Antonio, Texas 78204

Authority: Funds provided under this Agreement are appropriated under the Coronavirus State and Local Fiscal Recovery Funds (“SLFRF”), established by the American Rescue Plan Act of 2021 (“ARPA”) enacted on May 10, 2021, to support the immediate pandemic response, bring back jobs, and lay the groundwork for a strong and equitable recovery in areas affected by COVID-19. COUNTY is authorized to spend money for production and preservation of affordable housing in Bexar County pursuant to SLFRF Final Rule.

SUBRECIPIENT Risk Assessment Evaluation: The ARPA Office has evaluated SUBRECIPIENT’s risk of noncompliance with federal requirements for expenditure of SLFRF Grant Funds. SUBRECIPIENT was rated 3.5 out of a total score of 5.0 (with 5 being a low risk of noncompliance), a “strong” score. The ARPA Office has determined that no additional controls are needed to address SUBRECIPIENT’s risk of noncompliance.

SLFRF Expenditure Category: 2.15, Housing Support: Affordable Housing as discussed in the Final Rule:

Treasury is clarifying that when assessing whether a program or service is an eligible use to respond to the public health or negative economic impacts of the COVID–19 public health emergency, the Department will consider the two eligibility requirements discussed below. These standards apply to all proposed public health uses.

First, there must be a negative public health impact or harm [from COVID-19] experienced by an individual or a class. For ease of administration, the interim final rule allowed, and the final rule maintains the ability for, recipients to identify a public health impact on a population or group of individuals, referred to as a “class,” and to provide assistance to that class. In the case of some impacts, for example, impacts of COVID-19 itself that are addressed by providing prevention and mitigation services, such a class could reasonably include the general public.

Second, the program, service, or other intervention must address or respond to the identified impact or harm. The final rule maintains the interim final rule requirement that eligible uses under this category must be in response to the disease itself or other public health harms that it caused.

Term: The term of the Agreement with SUBRECIPIENT will commence when last executed by all Parties and will terminate on December 31, 2026, unless extended or terminated by the COUNTY in writing and in accordance with this Agreement. All underlying eligible expenditures must be incurred after March 1, 2021, and by June 30, 2026. All necessary submissions for reimbursement must be received by COUNTY no later than the close of business on September 30, 2026, using the forms in the attached Exhibit “E”. For purposes of this Agreement, a cost is “incurred” when SUBRECIPIENT has expended funds to cover the cost.
Compensation: For eligible and necessary construction expenses rendered for the land acquisition and development of 22 single family residential lots deed restricted for sale to qualified low-income families earning up to 80% of the area median income in accordance with HOME regulations, COUNTY will reimburse SUBRECIPIENT an amount not to exceed TWO MILLION DOLLARS and NO CENTS ($2,000,000.00), for the allocated costs and expenses of the Project, detailed in Exhibit “C”, Project Budgets, pursuant to the terms and conditions of this Agreement.
Part One: Description of the Harm, Impact, or Need to Be Addressed

This section includes the following documentation:

- Describe the specific harm, impact, or need to be addressed with your proposal
- Describe why the harm was exacerbated or caused by the COVID-19 public health emergency
- Provide quantitative information on the extent and type of harm, such as the number of individuals affected

Habitat for Humanity of San Antonio has witnessed a 67% increase in the number of applicants seeking our affordable homeownership opportunities since the start of the COVID-19 pandemic in early 2020. During the same period home prices and rental costs skyrocketed in Bexar County. The median home price rose to $279,950* as of June of 2021. Home prices climbed further into 2022 reaching $337,000* as of September. Low inventory of affordable homes continues to exacerbate challenges posed by the pandemic and post-pandemic for families in need.

Not only has the need for affordable homeownership increased during COVID—the cost of building materials soared due to supply-chain issues, trucking disruptions, and inflation. This rapid increase of housing prices impacted low-income homebuyers significantly. The average rent for a three-bedroom apartment rose to $1,530*. These rising costs—on everything from rent to food—continue to pose a significant barrier for low-income families trying to tap into the financial stability of homeownership.

Additional Info about Individuals Affected:

- 171,000 families in Bexar County have an unmet housing need (they are living in substandard units, overcrowded conditions and/or have housing costs that exceed 30% of their income).
- 14,926 families in Bexar County live in physically deficient conditions (ex: lack complete kitchen or plumbing facilities) and overcrowded conditions.
- More than 35.5% of renter households pay 50% or more of their income on housing costs.
- There has been a 4% decline in the homeownership rate in Bexar County over the past decade.
- 1 in 4 children lives below the poverty level in Bexar County.

*According to Market Reports from the San Antonio Board of Realtors.

The Impact to be Addressed in Bexar County

With Bexar County’s assistance, Habitat for Humanity of San Antonio will partner to develop a minimum of 22 buildable, residential single-family lots on the property off of Yuca Street that will be deed restricted for home building for low income families. These lots will ease the affordability crisis in Bexar County by adding to the stock of affordable homes while giving low-income families the opportunity to purchase an affordable home with a zero percent interest mortgage to be paid over 20-27 years. The requested funds would be utilized for land acquisition and infrastructure development to create these new, build-ready, single-family residential lots. The lots will be deed restricted requiring homes built on them to be sold to low income homebuyers in Bexar County who earn up to 80% of area median income.

Quantifying the Impact

The low-income community and minority groups were disproportionately impacted by the COVID pandemic. According to the CDC, "Living in crowded conditions can make it difficult to separate when you are or may be sick. A higher percentage of people from racial and ethnic minority groups live in crowded housing as compared to non-Hispanic white people and
therefore may be more likely to be exposed to COVID-19." According to CDC.gov—Health Equity Considerations and Racial and Ethnic Minority Groups.

The County’s support for this project will greatly improve the ability of low and middle income families to improve their lives through homeownership. Research shows homeownership can lead to improved health, education, & employment outcomes & less reliance on social service programs.

Addressing the Impact

Habitat builds affordable, energy-efficient, high-quality 3 and 4 bedroom / 2 bathroom homes. Designed for long-term livability and low ongoing utility and maintenance costs, Habitat homes are a means to long term housing stability and healthier living environments for the low-income families who purchase them. Habitat homes feature open floor plans, impact (hail) resistant shingles and allow a family to age in place by featuring Universal Design that includes one or no step entry, wide (or no) hallways and the ability to get a wheelchair into all living and bedrooms of the home as well as the fully accessible hall bathroom.

Subrecipient Qualifications and Commitment to Perform This Work

The Habitat team is uniquely prepared and qualified to utilize the ARPA grant funding to develop buildable single-family lots. This will in turn allow Habitat to build affordable, energy-efficient, residential single-family homes. Habitat is a nonprofit homebuilder with 46 years of experience partnering with low-income families and the community at large to build quality, affordable homes. Habitat has successfully completed the construction of 1,300+ homes and housed more than 4,000 individuals including thousands of children in Bexar County. Habitat staff have decades of experience managing large-scale neighborhood construction projects, infill, and effectively managing local, state and federal grant funding. Habitat for Humanity of San Antonio is the 4th largest producing Habitat affiliate in the United States—building 50-60 new homes each year. Habitat has a demonstrated track record, the capacity to undertake additional developments, along with a pipeline of eligible and qualified low-income homebuyers who are seeking affordable homeownership (more than 4,000 families apply to the Habitat program each year).

Demonstrated and Growing Commitment to Creating or Preserving Affordable Housing

Founded in 1976, Habitat is dedicated to providing homeownership opportunities in Bexar County to low-income families earning between 20-80% Area Median Income. Our nonprofit remains a grassroots affordable homebuilder committed to changing lives through homeownership. We never wavered from our mission even in the wake of the COVID-19 pandemic. Habitat achieved its building goals in 2020, 2021 and is on track in 2022. Habitat builds between 50-60 affordable homes each year. In our 46 year history, Habitat has built 1,300+ homes in partnership with families in need.

Part Two: Explanation of Why the Capital Expenditure is Appropriate

This section includes the following documentation:

- Provide an independent assessment demonstrating why the capital expenditure is appropriate to address the specified harm or need
- Explain why existing capital equipment, property, or facilities would be inadequate to address the specified harm or need
- Explain why policy changes or additional funding to pertinent programs or services would be insufficient without the corresponding capital expenditure
According to input from 48 community organizations recorded in the *Bexar County Analysis of Impediments to Fair Housing Choice Draft – May 2021 (p.10)* one of Bexar County's greatest needs is affordable housing for purchase (including affordable newly-constructed homes and for first-time homebuyers). Therefore, an appropriate response to a lack of affordable homeownership opportunities for low-income families in Bexar County is to build quality, energy-efficient, and affordable homes and make them available for sale to low-income first-time homebuyers.

171,345 families live with an unmet housing need, including 14,926 families in Bexar County who live in physically deficient conditions (ex: lack complete kitchen or plumbing facilities) and overcrowded conditions.*

Furthermore, 35.5% of renter households pay 50% or more of their income on housing costs (rent and utilities). There has been a 4% decline in the homeownership rate in Bexar County over the past decade.

1 in 4 children lives below the poverty level in Bexar County.*

Habitat homes provide financial and emotional stability. Homes are sold at no profit with a zero percent interest mortgage over 20-25 years. Low-income families pay an affordable $800 monthly mortgage payment (including property taxes and insurance).

Planned Capital Development by Subrecipient

Habitat for Humanity of San Antonio will use the funding to purchase raw land and install the infrastructure to create and develop buildable, residential, single-family lots restricted for families earning up to 80% AMI. The portion of the land with infrastructure improvements funded by County ARPA funds will be permanently transferred via recorded plat(s) to the public entities (City and public utility providers). The portion of the land that becomes build-ready, single-family residential lots will be deed restricted with the required long-term affordability period. Once the lots are created, Habitat will build single-family homes on them. As each home is completed, the home and lot will be sold to a qualified low-income family. The deed restrictions also require future sales or resales to be to qualified low-income households throughout the term of the affordability period.

Part Three: Comparative Analysis of Proposed Capital Expenditures Against Alternatives

This section includes the following documentation:

- Provide an objective comparison of the proposed capital expenditure against at least two alternative capital expenditures that are potentially effective and reasonably feasible
- Demonstrate why the proposed capital expenditure is superior to the alternative capital expenditures
  - If applicable, compare the proposal against the alternatives of (1) improving existing capital assets already owned and/or (2) leasing other capital assets
  - Provide quantitative information when available supplemented by qualitative information and narrative description.

Single-family homeownership is the best fit for the property off Yucca Street. The neighborhood is in close proximity to many single family homes that are within 10 minutes of downtown.

Homeownership is a stabilizing force not only for the community but for families and children. Homeownership makes a significant positive impact on children’s educational achievement. Children who have a stable environment to live, learn and play in – have better academic performance, behave better and are more likely to continue their education.

As studies show, the families impacted by this funding will more likely have better educational attainment, improved health and are more likely to have better employment outcomes.

There is no other alternative capital expenditure that is reasonable or feasible for this property to achieve the objective of providing affordable home ownership opportunities to low income families.

Expenditure Sub Category  
# 2.15 Long-term Housing Security: Affordable Housing  
(See appendix):
Appendix 1: Definitions

Appropriation: An act of Congress that allows Federal agencies to incur obligations and to make payments out of the Treasury for specified purposes.

Covered Benefits: The costs of all types of leave (vacation, family-related, sick, military, bereavement, sabbatical, jury duty), employee insurance (health, life, dental, vision), retirement (pensions, 401(k)), unemployment benefit plans (federal and state), workers’ compensation insurance, and Federal Insurance Contributions Act taxes (which includes Social Security and Medicare taxes).

Essential work: Work involving regular in-person interactions or regular physical handling of items that were also handled by others. A worker would NOT be engaged in essential work and, accordingly may not receive premium pay, for telework performed from a residence.

Human services employees: employees providing or administering social services, public benefits, child welfare services, and child, elder, or family care

Premium Pay: An amount of up to $13 per hour that is paid to an eligible worker, in addition to wages or remuneration the eligible worker otherwise receives, for all work performed by the eligible worker during the COVID-19 public health emergency (i.e. since January 27, 2020). Such amount may not exceed $25,000 with respect to any single eligible worker.

Premium pay will be considered to be in addition to wages or remuneration the eligible worker otherwise receives if, as measured on an hourly rate, the premium pay is: 1. With regard to work that the eligible worker previously performed, pay and remuneration equal to the sum of all wages and remuneration previously received plus up to $13 per hour with no reduction, substitution, offset or other diminishment of the eligible worker’s previous, current or prospective wages or remuneration, or 2. With regard to work that the eligible worker continues to perform, pay of up to $13 that is in addition to the eligible worker’s regular rate of wages or remuneration, with no reduction, substitution, offset, or other diminishment of the workers’ current and prospective wages or remuneration.

Obligations: Contracts or other binding commitments made by Federal agencies to pay out money for products, services, or other purposes distinct from actual payments. Obligations incurred may not be larger than available budget authority, grant authority, loan authority, or available funds for processing and advertising expenses.

Public health employees: employees involved in providing medical and other health services to patients and supervisory personnel, including medical staff assigned to schools, prisons, and other such institutions, and other support services essential for patient care (e.g., laboratory technicians, medical examiner or morgue staff) as well as employees of public health departments directly engaged in matters related to public health and related supervisory personnel.

Public safety employees: police officers (including state police officers), sheriffs and deputy sheriffs, firefighters, emergency medical responders, correctional and detention officers, and those who directly support such employees such as dispatchers and supervisory personnel.

Qualified Census Tract (QCT): Low-Income Housing Tax Credit Qualified Census Tracts must have 50 percent of households with incomes below 60 percent of the Area Median Gross Income (AMGI) or have a poverty rate of 25 percent or more. Difficult Development Areas (DDA) are areas with high land, construction and utility costs relative to the area median income and are based on Fair Market Rents, income limits, the 2010 census counts, and 5-year American Community Survey (ACS) data.
Appendix 2: Expenditure Categories

The Expenditure Categories (EC) listed below must be used to categorize each project. The term “Expenditure Category” refers to the detailed level (e.g., 1.1 COVID-19 Vaccination). When referred to as a category (e.g., EC 1) it includes all Expenditure Categories within that level.

* Denotes areas where recipients must identify the amount of the total funds that are allocated to evidence-based interventions (see Use of Evidence section above for details). Please note the evidence-based questions are only applicable to States, U.S. Territories, and metropolitan cities and counties with population over 250,000.

^Denotes areas where recipients must report on whether projects are primarily serving disproportionately impacted communities (see Project Demographic Distribution section above for details).

INVOICE GUIDANCE

Purpose

The purpose of this document is to provide invoicing guidance and describe responsibilities, procedures, and instructions governing the review and approval of invoice payments to grant recipients. This guidance will help ensure that invoices are properly and consistently reviewed and analyzed in a standardized manner prior to making payments to grant recipients.

Terms of Payment

Grant payments occur on a reimbursement basis, meaning that payment will be made after the eligible expense has been incurred and paid by the grant recipient. The grant recipient must request reimbursement of expenses by submitting a signed invoice and completed invoice package. Invoice packages must include required documentation of expenses.

All grantees need to track project expenses accurately using the same expense categories as in the approved budget included in the executed agreement. To be eligible for reimbursement, all expenses must meet all applicable requirements of the executed agreement.

Invoices and documentation

Invoices are due to our office on a monthly basis. Grantees should invoice Bexar County for project costs and send copies of receipts or other documentation that confirms that vendors, consultants, personnel, etc. have been paid. Documentation must demonstrate that costs are: reasonable, accurate and allowable; within grant limits; and treated consistently.

Documentation must include, but is not limited to:

- Itemized receipt or vendor invoice - merchant name, transaction date, amount paid, list of items purchased, list of any additional charges, form of payment used
- Timesheets - Signed timesheet indicating hours allocated to grants/ project
- Proof of Payment - Payroll Log, cancelled check (front and back), Monthly Credit Card/Bank statement demonstrating purchase
Typical Invoice Problems

- Missing timesheets/unsigned timesheets
- Disallowed Costs (taxes, unapproved expenditures)
- Math errors
- Submitting proposal instead of invoice
- Incorrect/missing shipment information on receipts (Amazon orders)
- Missing details on receipt – date, vendor address
- Submitting credit card or bank statements instead of vendor receipts

Disallowed costs

- Items paid for with a gift card will most likely not be reimbursed
- Sales taxes are not reimbursed
- Purchases not in line with the award or approved budget line items will not be reimbursed. For example: paying for a catered lunch or lunches for group meeting - if it was not listed on the Project Budget it will not be approved

Performance Reports

Performance reports must be submitted monthly accompanying your invoice. These reports describe the Grantees accomplishments and share achievements and progress made towards program goals and to ensure accountability and transparency in the use of County funds. Progress reports contain updates on activities and align with expenditures that occurred since the previous report. The information provided is used by the County when reviewing an invoice and to keep up on project progress and to ensure compliance with contractual requirements.

Performance supporting documentation including, but not limited to, newspaper articles, brochures, flyers, meeting notices, meeting minutes, training agendas, attendance rosters and any information that would support or authenticate the progress of performance relating to the terms of the grant agreement should also be submitted.
